To the critical and exacting person, the 1950 Wittenberger is possibly not chronologically the Mid-Century edition, but to the eye and the ear of the average man the year 1950 marks the half-way point in our progressive twentieth century.

Whenever the sand of the hour glass pauses at the beginning or at the half-way point in a century, man's mind either reminisces about the past or looks forward to the future. Taking the latter view, because college students are always more radical and progressive thinkers, we have attempted to weave our theme about the following two innermost thoughts of contemporary Wittenbergers.

First, WE OF THE WITTENBERG COMMUNITY, WITH OUR NEW PRESIDENT AND OUR CAPABLE ADMINISTRATION, LOOK FORWARD TO A "GREATER WITTENBERG" WITH OUR ZEALOUS CLASSES AND OUR LEARNED AND SUPERIOR FACULTY.

Second, WE STUDENTS PREPARE OURSELVES FOR A BRIGHTER FUTURE BY ASSOCIATING WITH PROGRESSIVE MERCHANTS, BY STRENGTHENING OUR PHYSICAL BODIES, BY PARTICIPATING IN WELL ROUNDED ACTIVITIES, AND BY CULTIVATING OUR SOCIAL LIFE.

With these thoughts in mind for the future, we review the year's activities to bring you the fond memories and history of another school year at Wittenberg College.

VOLUME 34 TERGER

Miss Charlotte Teeter was chosen as Queen of the Mid-Century Wittenberger by Billy Rose, nationally known columnist, showman, and connoisseur of femineity, who judged the girls from submitted pictures and measurements. The finalists had been narrowed down from sixteen nominees who participated in the preliminary contest held in Blair Hall theatre where three prominent Springfielders acted as judges.

Last year's annual with its new look obtained by the use of offset lithography was so well received that we decided to produce the Mid-Century Wittenberger by the same process. With that in mind, we attempted to record the year's activities with as many good photographs as possible; photographs that needed little or no explanation. Such pictures can be captured only by expert photographers. Praise thus goes to Bill Hottman, Dick Anzinger, Jim McKaig, Chuck Ashley, Dr. J. R. Marquart, Bill Pfancuff and Clarence Sharpe. We also owe a deep debt of gratitude to the faithful few who gave so much of their time, effort and skill to help make this book a success: Johnny Norris, Joan Warth, and Dean Spragg. Our only hope is that our efforts merit your approval.

with our new president

Wittenberg's new first family brought a versatile and distinguished background with them when they arrived on our campus. The accomplishments of our first lay president are the complement to a full character. Though a descendant of William Stoughton, a past lieutenant governor of the Massachusetts Bay Colony, Dr. Stoughton started his career at the bottom as a lad holding such positions as a grocery store handyman, working in letter press and tailor shops, and as an office boy. To avail himself of a college education, he worked as a tutor, press operator, floor sweeper in a carriage factory, highway laborer, and a typesetter for a Rochester newspaper. Our eighth president earned degrees from the University of Rochester and Columbia University. Honorary degrees were given to him by Gettysburg, Muhlenberg and Wagner Colleges.

For sixteen years Dr. Stoughton held high positions at Wagner College, and for ten years he served as its first lay president. He then travelled for four years as executive secretary of the Lutheran Layman's Movement for Stewardship and Secretary of Stewardship for the United Lutheran Church in America. He also has been exalted and employed in many other capacities by the United Lutheran Church. Beyond all this, he has written two books on religion.

Not eclipsed by her husband's career, Mrs. Stoughton also has been active in church and community affairs. As Dr. Stoughton, she is a native of Rochester, New York where she attended Rochester Training School for Teachers. She taught the fourth grade in Rochester before her marriage. At present she is director of the Protestant Council of Staten Island, and chairman of its social action committee. She is a director of the New York City Council of Church Women, the National Association for the Advancement of Colored People, and the Staten Missionary Society of her church; and she is the Staten Island Trustee for the New York City Federation of Women's Clubs.

Their daughter, Jeanne, a Wagner College graduate, was a communications officer with the WAVES, holding the rank of lieutenant (jg). She now is studying for her M.A. at Ohio State University. Donald, their son, has been assistant circulation manager of The Lutheran in Philadelphia and is now a student at Hamma Divinity School.

Seated in the living room of their home having a family chitchat are Dr. and Mrs. Clarence C. Stoughton, daughter Jeanne, son Donald and his wife Adele.

We Dedicate

the Mid-Century Wittenberger to Dr. Clarence Charles Stoughton, eighth president of Wittenberg College, with best wishes for the future years ahead.

Possessing the remarkable gift of genuine interest and amity, Dr. Stoughton has been a true Wittenberger from the outset of his presidency on September 1, 1949. All of us—students, faculty, and administration—have come to admire his personal qualities and his willingness to work for the sincere interests of the students.

His versatility and distinguished background in the Lutheran church and in the educational field give us a feeling of confidence in the future of Wittenberg with Prof' Stoughton supplying the high standard of leadership.

Frank J. Lausche, Governor of the State of Ohio, congratulates Dr. Stoughton on his inauguration at the dinner following the cermonies. Flanking the governor are Dr. Otto K. Jensen, President, Board of Directors, (left) and Dr. George Miley, President, Synod of Ohio (right).

THE INAUGURATION OF

CLARENCE CHARLES STOUGHTON

AS PRESIDENT OF WITTENBERG COLLEGE

"Having light we pass it on to others." The presidential seal passed from Dr. Rees Edgar Tulloss to Dr. Clarence Charles Stoughton on October 21, 1949 in the most colorful event ever held on the Wittenberg campus. With hundreds of visiting dignitaries and friends in attendance, Dr. Stoughton became the eighth and first lay president of Wittenberg College. Hard work and cooperation on part of the student body, the faculty, and the administration made these the three greatest days in Wittenberg's history, with its symposia, services, the exercises and inaugural dinner.

W. Emerson Reck, A. B., M. A., LL. D., Vice President.
To Dr. Reck has fallen the difficult task of improving college relations and making better known the name of Wittenberg College. This year has given him the opportunity to put into practice many of his theories of college administration. In doing this, he has set up an Alumni Office, Publicity Dept., and improved college publications.

Definite plans have been made to build a "Greater Wittenberg" in all respects. Physical projects for the immediate future include a new $500,000 chapel, a $50,000 annex to Recitation Hall for administrative offices, and an $150,000 addition to Woodlawn Hall. In addition to these projects, a new library is under consideration to be built within the next three years. After these are completed, we will be lending a hopeful ear to hear of the plans for a fine arts building, a home economics building, and an additional dormitory for the men.

Future policies indicate the trend toward a typical liberal arts college with the uniqueness of stressing the basic principles of the Christian religion. The size of the student body will be held at the moderate size of 1300 students. The faculty upon the return of more stable conditions will probably be strengthened with more personnel of a high scholastic calibre.

The 1950 graduating class of 401 members will be the largest ever to graduate from Wittenberg College. Most of the enrolled veterans of World War II will graduate with this class, so the classes of the immediate future will probably return to their normal size and composition. The Junior class has 244 members, the Sophomore class contains 292 members and the Freshman class has 298 members with 20 students in addition as unclassified students.

"Greater Wittenberg"

At the time of the inauguration of Dr. Stoughton, everyone had his own ideas of where the new chapel should be placed on the campus. The four individuals expressing their preferences are left to right: Charles H. Bray, Springfield alumnus, Merald E. Wrolstad, College Editor, William L. Gard, one of Wittenberg's oldest alumni, and Professor John B. Ham.

with our zealous

classes

Looking Forward with the Class of 1950

Along with the census-taker and the furor over give-away quiz programs, the Mid-Century Wittenberger has stepped into the picture of querying and questing. As each senior awaited the photo-snapping ordeal, a mimeographed sheet and a pistol were pointed at him. The weapon, of course, was to overcome any ontoward doubts or hesitation.

The proffered paper was stuffed with questions running the gamut of the students' opinions, desires, and hopes. There was some feeling that several of the items had a Rube Goldberg absurdity to them. Nevertheless, the questionnaire was fairly successful in probing the makep of the current senior class.

Why bother with this? Well, we believe that this semi-centennial issue of the Wittenberger should present an accurate portrayal of the college and its graduating group. A close likeness is desired so that a true understanding of the present Wittenberg may be had by past and future students. So, a reaffirmation of a college concept: respect for the past and dedication to the future.

In general, what was aimed for was a look into the seniors' attitudes toward the future. This includes plans for living and occupation, and political and social ideas. There were two master sheets that told the story —one for women (96 of them) and one for men (161). Some interesting contrasts may be garnered by an extended glance at the breakdown:

Both sexes were overwhelmingly in favor of owning their own homes and of getting married before 1960. As to children, men wanted 3, while women thought an average of 3.6 youngsters would be just right. (Evidently the girls thought .6 of a child would be cheaper to feed than a whole one.) There was no such agreement in the matter of future wages desired. $133 per week was the masculine desired amount, while females came out for half that sum. This leads one to think that Wittenberg coeds are either more modest concerning their talents, or more realistic as to present-day wage scales for them. Each gender largely preferred a job that required settling down, and hoped for retirement ages ranging from 44.4 for women to 62 for men.

On a choice of residence, half of those polled selected Ohio, with New York and California as poor runners-up. The rest of the votes were scattered among twenty other states and three foreign countries. Thirty-seven different occupations were chosen by the men, with business, education, and the ministry leading—with their combined number added up to about one-half of the total. Housewifery and teaching received one-half of the female nod, with the remainder of the ballots spread among a diversity of jobs. These included such customarily non-feminine fields as accounting, law, and the ministry. Interestingly enough, a good portion of the males were undecided as to residence and type of work, while ALL the Jane Does had made up their minds.

The overwhelming answer to one question provides a smoothly fitting key to the tenor of the values of these Wittenberg seniors. Quite hugely, the hope to be "just content with life" overrode the desire for riches or fame. This is an indication of an era of new standards with Horatio Alger and industry's robber barons leaving their pedestals. Loyally, the great majority of the students surveyed declared their intentions to remain working church members and actively interested alumni. (Note for future reference: Is this an encouraging trend or just an early, flickering promise?) Largely, too, participation in community politics was favored, though few planned to run for office. As regards the turn of the globe, the majority felt that benefits from atomic power will be seen in 10 years and that Communism will be on the wane. Yet, still, most believed another world war to be inevitable.

Trimming the rough edges off this report, a brief summary of the traits of these '50 seniors may be made. They are independent, unavaricious, God-loving, cautious, optimistic—and, yet, realistic.

Hamma Divinity School

Hamma Divinity School is the theological department of Wittenberg College and is operated under the auspices of a group of district synods of the United Lutheran Church of America.

From its founding the seminary has been an integral part of Wittenberg College. The proximity of the seminary to the college brings many cultural and academic advantages to students of both institutions.

This year has seen the extensive use of the new refectory, an extended tour of the Hamma choir, and a complete renovation of Hamma Hall.

We students prepare our

selves for a brighter future

Analyze this picture! What lies beyond Recitation Hall? You see an excellent example of modern industry. It is the symbol of tomorrow, when we hope to be using the knowledge and training we receive in the ivy-covered halls. In the next few pages we have tried to train the lens of our camera on just a few of the many ways in which you and I are being trained at Wittenberg College for the tasks of tomorrow.

FOOTBALL

"Springfield, O., September 1, 1949 (AP) Harold L. "Hal" Shields today assumes the position as head football coach at Wittenberg College. The former Detroit high school coach and Detroit Tech mentor, whose past teams have established remarkable records, will get his first glance at his 1949 squad next Monday, September 5 . . . Wittenberg opens against Hillsdale, September 24."

Thus another new name was added into Wittenberg's gridiron history. But the likeable coach, facing the job of becoming acquainted with members of the team, finding their strong and weak points, teaching the squad new plays, generally rebuilding a squad which the previous year had annexed one win against seven losses, had just nineteen days in which to perform his magic.

The squad of over forty players supported their new coach with great enthusiasm. Students, faculty members, and even citizens of Springfield who had for many years forgotten that Wittenberg had a football team gave indications of solidly standing behind the 1949 squad and the new leader . . .

. . . After nineteen days, the enthusiastic squad traveled to Hillsdale, Michigan, where it held the powerful Dales to a 7-6 margin at halftime. But Hillsdale's shifty halfback Bill Young, who later was voted "Little All-American," put on a one-man show in the second half and led the Michiganites to a 20-6 victory . . .

. . . Injuries to starting end Paul Grimm and minor plagues to several other Tiger cogwheels during the Hillsdale contest hampered the Shieldsmen as they opened their home season against Slippery Rock State Teachers College. The undersized Lutherans never were able to get started as the Pennsylvanians whitewashed the locals, 19-0, before the critical eyes of the Wittenberg students . . .

. . . On Migration Day, Wittenberg renewed a 44-year rivalry against Ohio Wesleyan having last played the Methodists in 1934 when they won 66-0. The Bishops once again appeared invincible to the hapless Lutherans with their speedy halfback Bob McFarland using track tactics. We fought gamely until the the final gun, but all was for a hopeless cause. The nightmarish affair ended: Ohio Wesleyan 65, Wittenberg 0 . . .

. . . Although the partial recovery from the football doldrums began with the Ohio Northern contest, the Fighting Tigers still lacked the all-important scoring punch. It was a scoreless battle for nearly three periods until the Polar Bears started their 67-yard touchown drive. Wittenberg never developed a sustained drive and thus we suffered our fourth straight loss 6-0 . . .

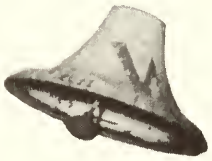
. . . Finally, after maintaining a four-game losing streak, the Fighting Lutherans surprised a Homecoming crowd of 6000 by surging towards its initial win by completely outclassing a weak Marietta College team. Wittenberg mentor Hal Shields using the popular two-platoon system, utilized every available man on the bench to win by the convincing score of 27-7 . . .



. . . The visiting Capital team took an early lead but in the second quarter the Fighting Tigers came from behind when Capt. G. Winkhouse scored two touchdowns and Brammer scored another. Action in the second half saw halfback Mike Popko skirt 44 yards down the sidelines on an intercepted pass to the fourth touchdown. The determined Caps pushed another touchdown across in the fourth quarter, but the final gun gave Wittenberg its second win of the season 32-19. . .

. . . An optimistic squad invaded Granville with the hopes of a third win and an up-set against Denison. Browne's touchdown gave the Tigers the half-time lead of 7-0. The Big Red came back in the third period but tailed to convert the extra point. The disaster came in the fourth quarter when L. Young fumbled on his own tive yard line. Denison cashed in on the break and pushed across the deciding marker for a final score of 13-7 . . .

. . . After trailing 27-0 in the second quarter of their last home game, the Tigers came to life and tallied twice before the end of the half when John "Moose" Dadominici and Bob Brammer scored in rapid succession. The last score of the game came late in the fourth period when Brammer passed to Winkhouse, but time did not allow for more scoring so the game ended 27-21. . .

First Annual

Lutheran Bowl

Game

. . . Wittenberg was honored in receiving a bid to participate in the first Lutheran Bowl at Shaw Stadium, Cleveland, against Valparaiso University. The Crusader's Joe Pahr proved to be the sparkplug behind their offensive play as he led his team to a convincing 20-0 victory over the Tigers .

BASKETBALL

Following a poor start and handicapped by lack of height under the basket, the Wittenberg Tigers finally caught fire during the final month of the campaign, and won four of their last seven contests. In these seven games the Tiger quintet scored 521 points while their opponents scored 528 points. In spite of the strong finish, the cagers ended the season with 6 wins and 11 losses.

Starting the season with a three-game southern jaunt, the locals dropped 20-point decisions to Kentucky Wesleyan and Georgetown before the second-stringers staged a 45-point second-half uprising against Centre College to win in the final 26 seconds, 68-65.

Before winning against a weak Kenyon team, Wittenberg took it on the chin in January for four consecutive losses against Capital, Defiance, Ohio Wesleyan and Heidelberg. Ending that month, the Lutherans were noticeably stronger against Ohio Northern, losing 75-73, when the Polar Bears were awarded six free throws in the final minute of play.

Displaying their most stunning scoring punch of the season, Wittenberg overwhelmed Otterbein 74-46 before a pleased home crowd. Although they continued their winning ways with victories over Marietta, 70-60, and Denison, 66-64, the Tigers again slowed down in the contests against Wesleyan and Denison losing 79-55 and 76-59.

In their final encounter of the home season, the locals thrilled the Wittenberg fans with a convincing 76-63 win over Ohio Northern. On February 24, the Tigers terminated their 1949-50 season against Marietta by dropping a 66-58 decision.

High point man for the season was Ed Makowski with 260 points. Sophomore Perk Robins was elected the most valuable player by his team mates at their annual banquet.

FRESHMAN BASKETBALL

Under the supervision of coach "Hal" Shields, the Wittenberg freshmen finished their intercollegiate season with a 3-3 record. The Cubs lost their first intercollegiate game to Ohio Wesleyan 48 to 54. Heidelberg trounced the Lutherans 59 to 42, but Wittenberg came back into the win column by defeating the Kenyon Cubs 54 to 42. Denison handed the Tiger freshmen their third loss with a score of 49 to 57. Coming back strong in the last two games, the Cubs trounced Ohio Wesleyan 52 to 50, and demolished the Denison five 82 to 57.

Freshman sweaters were awarded to twelve men: Ed Dunn, Bill Varble, Wilford Gibson, Douglas Rockhold, Roger Bishop, Fred Flory, Dean Shroyer, Carl Knoedel, Bud Smith, John Ward, Bob Blomquist, and manager Bob Schmeding. Numeral awards were presented to Neil Randell, Don White, Victor Schott, Jim Schneider, and Dick Feree.

FRESHMAN FOOTBALL

Coach Bernie Allison and his eager 1949 squad opened the three-game season by scoring in every quarter to defeat Otterbein 28-0. At Gambier, the Kenyon cubs eked out a close one by scoring in the last 55 seconds of play to win 19-13. In the final intercollegiate game of the season, Wittenberg suffered a 21-7 defeat at the hands of the Ohio Wesleyan freshmen. The annual Freshman-Varsity game almost turned into an upset as the frosh were leading at the half, but the varsity tallied twice in the second half to win by a score of 13-7.

Alma Mater Queen

Reigning over the Alma Mater Pageant of 1949 was Miss Ann Taylor, who was elected to the coveted position by the women of Wittenberg. This honor is bestowed upon a woman in the junior class who is outstanding in scholarship, personality, and campus activities.

This year the annual festivities, sponsored by the Wittenberg Women's League, were held in honor of retiring Dr. and Mrs. Tulloss. Traditional "Holidays" of the various countries in which American students study were colorfully depicted by our co-eds, who were costumed in native outfits.

If this year's ceremony is any indication of what we may expect in the future, the pageants will undoubtedly be more entertaining and beautiful as the oaks grow taller.

Hobo Day

Centering the activities around Jeff Davis, King of the Hoboes, Student Council arranged to have him receive the key to the city from Mayor Joe Sterling, the key to the campus from Dr. Tulloss, and an appropriate Bull Slinger trophy from the student body. "Symphony Sid" Garris provided the humor for the traditional "dress as you please" day by bringing his radio program to the campus.

In addition to the customary parade down town and the picnic on the campus, something new was added when a novel baseball game was held on the field behind the gym. As usual the underclasses favored Hobo Day and the upperclassmen and the faculty opposed the program.

The Wittenberg Story

Wittenberg's first movie—a half-hour technicolor reel produced by James and Schwep depicts a cynical reporter who comes to the Wittenberg campus in a bitter mood and after meeting the students leaves singing its praises. The stars are Ann Nicholson, Jack Schreiber, and Bill McCuddy, News-Sun photographer. The movie will be shown throughout the nation in conjunction with CHEY's drive to raise $6,000,000 for United Lutheran Church colleges and seminaries.

Homecoming

Displaying ingenuity and cleverness that has not been seen for a number of years, the homecoming decorations of 1949 presented the judges with a task that required the maximum amount of discrimination. Each and every display showed so much originality that even we, the student body, were amazed. Possibly, the program initiated by the Student Council whereby each organization submitted the plan of its idea to Dean Stauffer who had the authority to eliminate any duplications had a stimulating effect upon the groups.

The Alpha Delta Pi's broke into a spontaneous cheer when the announcement was made at the Homecoming football game that they had won the trophy for having the best display (upper right) in the sorority class. Equally as exhilarated were the Pi Kappa Alpha's when they heard of their display (upper left) winning first place. Second place winner in the fraternity class was Phi Gamma Delta (lower left) and holding the same position in the sorority class was the Gamma Phi Beta (lower right).

DEAR BRUTUS

In December, the Speech Department presented the fantasy, "Dear Brutus," by James M. Barrie. The play was unusual in that it had no leading characters. The cast included Nancy Corwin, Tom Rapkin, Ronnie Johnston, Allen Wallace, Carl Schoman, Numa Gotardi, Cora Hosier, Jack Williams, Arlene Thompson, Minton Brees, Katherine Myers, and Lynn Kuhls. Miss Beck, the director, designed the unique scenery and the staging effects.

ROPE

Something new was added this March when a group of students, unassisted by the usual direction of a dramatics class, presented Patrick Hamilton's fascinating production, "Rope."

Minton Brees deserves a great deal of credit for his splendid organization and direction of this venture; his efforts were aimed toward an Honors Course in Speech.

Charles Kellar, too, worked industriously, creating the lovely modern setting, designing the cover for the programs, and taking one of the leads in the play.

Tom Rapkin proved his acting ability by playing the lead part of Wydnham Brandon. Others in the cast were Art Bucaro, Marguerite Klein, Robert Chotoff, Dorothy Keller, Nancy Corwin, Robert Weiskotten, and Wayne Polzin.

The purpose of the Wittenberg Student Government is to promote the general welfare of the campus by bringing together the student body, the faculty, and the administration on problems of administration; by insuring an adequate representational voice of the student body in student problems; and by providing for a legislative body to discuss and put into effect the desire of the student body concerning student problems.

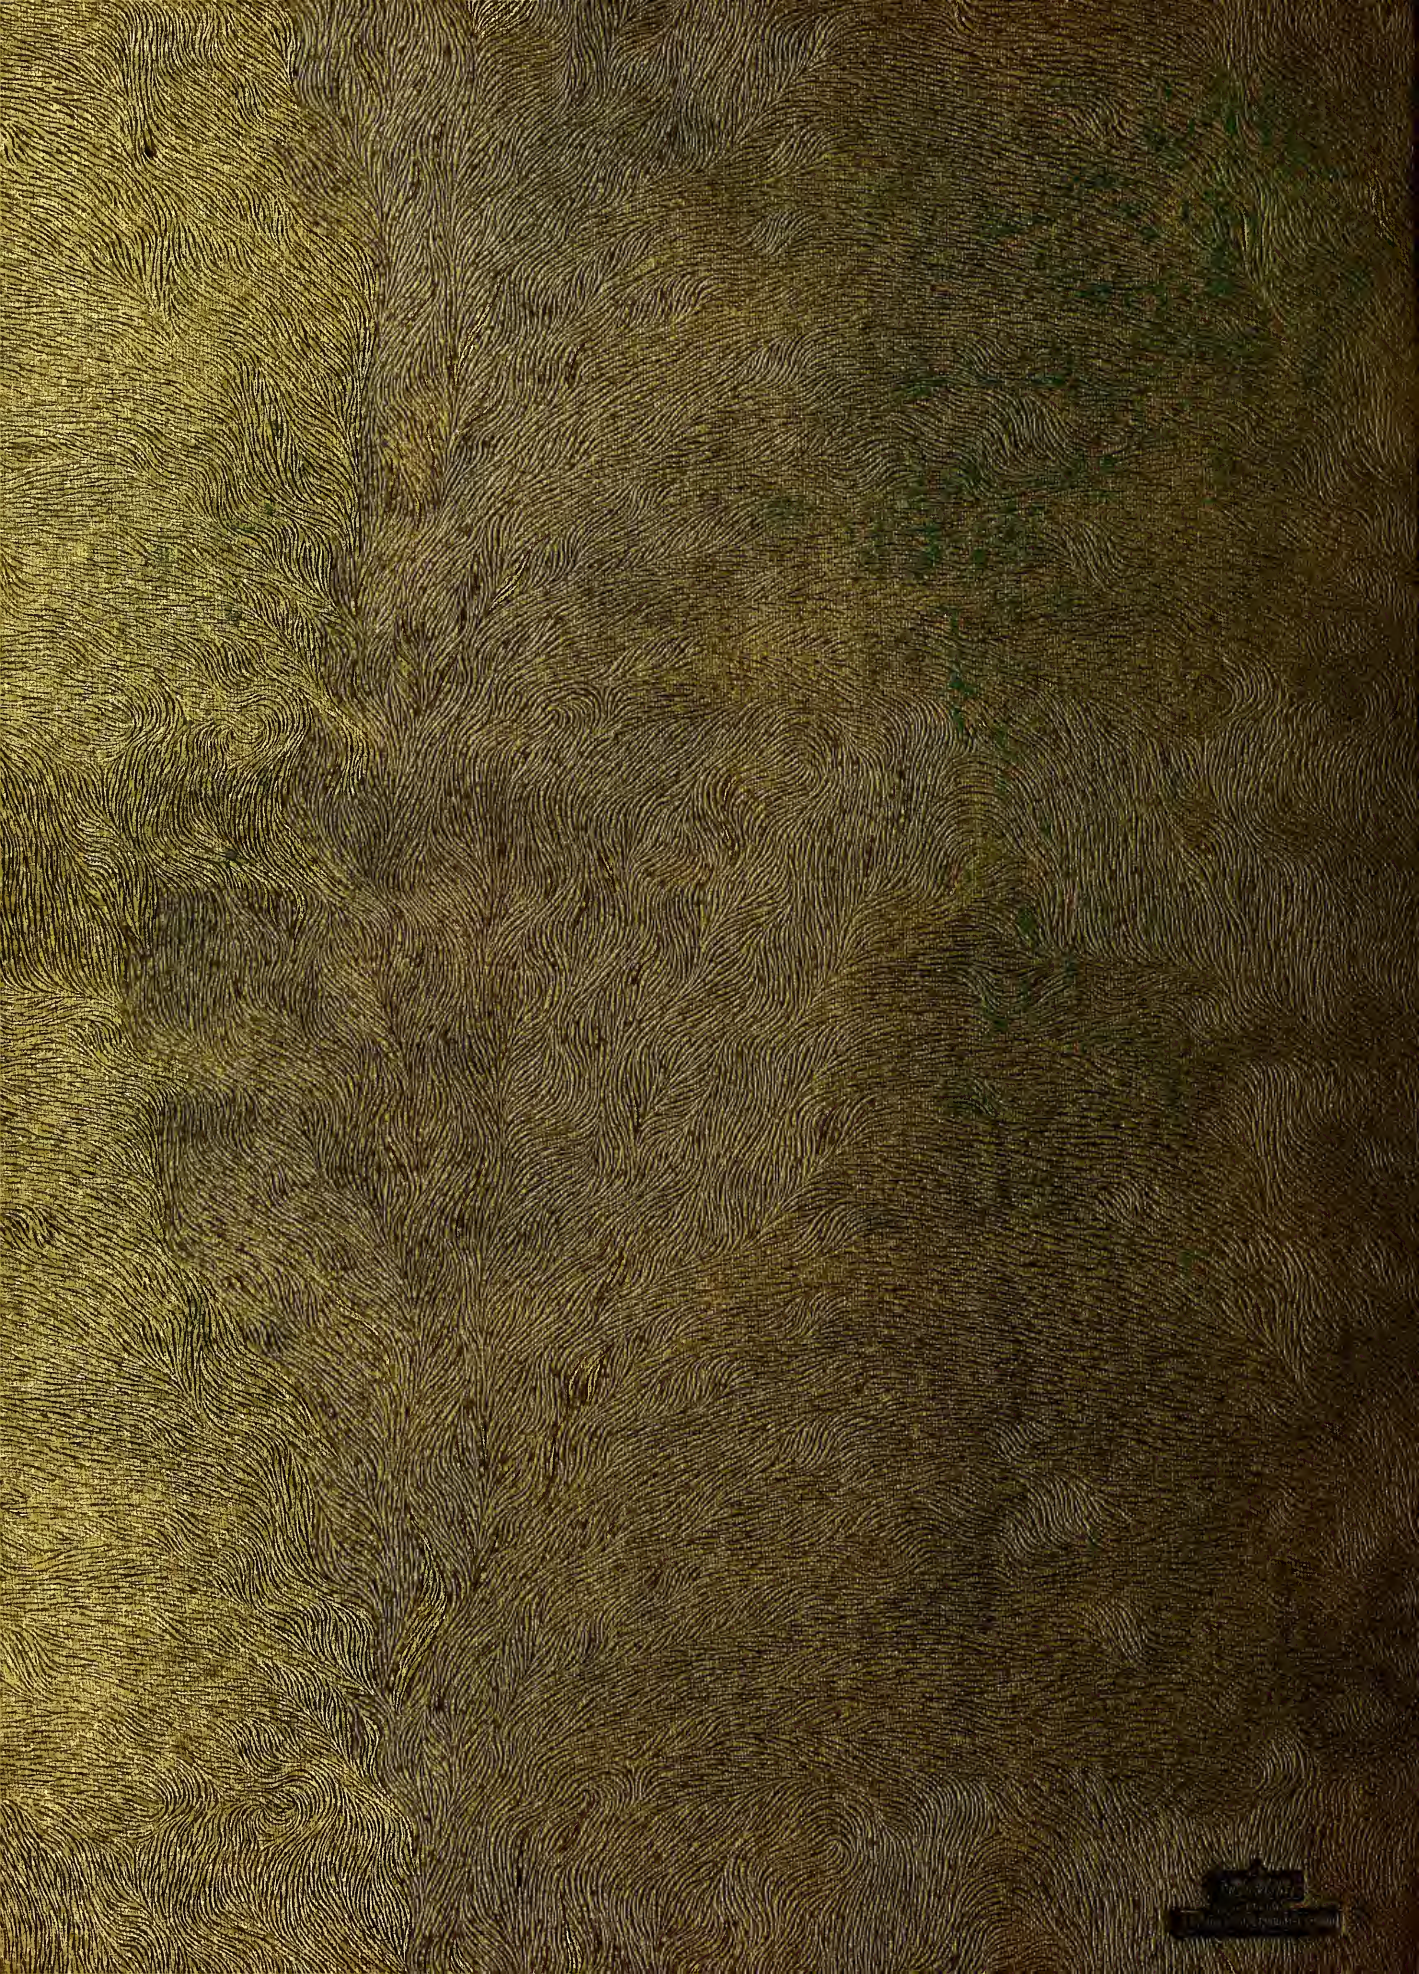
Dorm League

Local Founding 1906


With the turning of this leaf we say goodbye.
Through four full years each day has been a leaf to turn;
So now we face about and look to justify,
In years beyond, the past wherein we strove to learn
The fundamentals of the ways and wealth of life.
